

Environmental Policy Statement
ISO 14001:2015

PCC-EN-EPS

Poullaides Construction Co. WLL (PCC) is an ISO 9001:2015 & ISO 45001:2018 Certified Company operating within Bahrain in order to carry out Building and Civil Engineering Projects including Electro-Mechanical works and has been classified as an AA contractor.

PCC is committed to care for and the protection of the environment in which we operate. By adopting a responsible and proactive approach to improving environmental performance across all our business activities. PCC aims to contribute to sustainable development by balancing its business aims with environmental considerations and will encourage our clients and members of our community to join us in this effort.

PCC will comply with, and where possible exceed, the legal and other requirements to which we subscribe, in relation to environmental aspects of the business.

To achieve environmental excellence and leave a positive legacy, PCC will strive to:

- Respond to climate change through mitigation and adaptation, and the use of natural and renewable resources by promoting the use of sustainable materials where practicably possible.
- Actively engage with our workforce and other interested parties including clients, consultants, supply chain, communities and other interested parties to enhance the environmental performance of our operations.
- Assess and minimise any negative environmental impact and maximise any positive impact of its operations.
- Develop management processes and operational procedures to minimise pollution.
- Reduce the effects of noise, dust, light, disturbance, and inconvenience.
- Make efficient use of energy and water resources and reduce our carbon footprint where practicable.
- Minimise waste production where practicable, minimise waste sent to landfill by promoting resource efficiency, recycling and the use of recycled materials.

- Develop and maintain emergency procedures to deal with any significant environmental hazards or incidents that may arise as a result of our activities.
- Raise awareness of environmental issues through briefings, training and development of all employees, and encourage initiatives that enhance environmental performance and adopting best practice techniques.
- Implement a continual improvement process by assessing and monitoring performance against clear and specific environmental objectives and targets relevant to its business activities.
- Undertake regular audits and annual reviews of the effectiveness of this Environmental Policy, its associated procedures, measurement methods, objectives and targets towards meeting those objectives and targets.
- PCC aims to explore and incorporate innovative solutions and embrace the adoption of new technologies to enhance our environmental performance.

This policy is supported by our Directors and is administered through an environmental management system in line with the requirements of ISO 14001:2015.

This policy is a fundamental core business objective which therefore communicates it to all persons working for PCC and parties under the control of PCC. It is incumbent on all to be equal responsible to co-ordinate and assist in those sections of the policy and procedures that relate to their activities.

C. A. POULLAIDES
MANAGING DIRECTOR
